Number of Magazines, lent	838

Total Circulation for the Year	16,288
New Borrowers for the Year	84

The circulation for the year just ended is the largest ever recorded since the library opened. Credit for this increase should be given to the teachers in the Pollard and Westville Schools on account of their cooperation and efforts in the work of their various reading clubs. These clubs help the young folks to enjoy good reading and encourage them to use their public library. Credit also should be given to those citizens who have given the library books and magazines, which help to increase our reading material. We have also made use of the facilities of the New Hampshire State Library which supplies us with books and other material on almost any subject which we are not able to supply ourselves.

The library received books and magazines from the following persons during the year: Mrs. William Kelly, Mrs. Philip Rideout, Mrs. Fred Harriman, Miss Alice Jenness, Mrs. Carroll Dunn, Mrs. William Nelson, Mr. Herbert E. Gage, Mr. Ralph Hudson, Mr. Charles Steele, Mr. Paul D. Palmer, Mr.

Robert Pangburn, Plaistow Fish and Game Club, Inc., and covers for the New Hampshire Troubadour from Mr. Frank Keen, Norwood, Massachusetts.

Respectfully submitted,

FLORA M. KELLY,

Librarian.

REPORT OF FIRE DEPARTMENT

The following is the report of the Plaistow Fire Department from January 1, 1938 to December 31, 1938.

The department answered 47 calls during the year. Eleven of these were for fires out of town; seven were chimney fires; five were fires in homes and two were in business establishments; the rest being grass and forest fires.

Help was called from Newton twice and from Haverhill twice.

The department answered three calls the night of the hurricane to furnish lights, ladders and men.

The fire loss for the year was \$7,989.42.

A new compressed air fire alarm system was installed by the Economy Fire Department of Portland, Maine.

Through the cooperation of the Selectmen and the Board of Fire Engineers, a W. P. A. project was secured to construct 3 water holes. The land on which the water holes were constructed was given by the owners for use to the fire department. One of these water holes was built on Elm Street, the second on Pine Street and the third on Forest Street. It is hoped that more W. P. A. funds may be secured for construction of 3 more this year.

Respectfully submitted,

JOHN A. PALMER,
Chief of Fire Department

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Plaistow:

It is with pleasure that I present my annual report as Superintendent of your schools.

The Statistical Report is for the school year ending June 30, 1938. This report is followed by the reports of the Music Supervisor and the School Nurse.

The changes in teachers since my last report are two in number. Miss Ruth Neville is succeeding Miss Hazel Gile at the Pollard School grade four, and Miss Grace Boody succeeds Miss Catherine Sullivan in grade five. Our teachers with but a few exceptions have taken courses in education either during the summer or during the school year. At the present time, seven are taking a course in Remedial Reading given by Dr. Durrell of Boston University, at Haverhill. By means of this work our teachers are keeping abreast of modern thought and practice in school matters. Others are planning further work next summer.

The enrollment for the school year covered by this report was 205, which was twenty-two less than during the previous year. The school attendance averaged 92.24% of the membership, as compared with the state average of 95.13%.

There were twenty-one boys and girls graduated from the eighth grade last June. All but three of these have entered a high school this year. The medal, awarded by the Sons of the American Revolution to the pupil in the graduating class of the eighth grade who has best exemplified the principles of good citizenship, was awarded to Corrine Lovely. The following list shows the September enrollment of Plaistow pupils in High Schools:

Haverhill High School	53
Sanborn Seminary	15
Robinson Seminary	2

Total Plaistow Pupils enrolled in High Schools 70

A 16mm. Silent Motion Picture Machine was purchased by the towns of our Supervisory Union last spring for use in Visual Education in the schools. Films that deal with and supplement the curriculum of the school are shown. For the elementary school there are available without cost, except transportation, films dealing with health, safety, geography, history and home making. Films have been shown on Alaska, Brazil, Phillipine Islands, Denmark, Siberia, and the Sahara Desert; as well as on Wheat, Corn, Oranges, the Life of Lincoln, and of Washington. Motion pictures and radio are rapidly taking a place in the school room. Non-readers often learn by this means as rapidly as good readers. Teachers find that a motion picture in history or geography creates a desire to learn more about the subject. Experimentors have found that children learn from Motion Pictures three or four times as rapidly as by reading, and they retain it longer.

A curriculum in Safety Education has been worked out by a committee of New Hampshire educators and made available to each school. This will be of real help to our teachers in making education for safety more effective. Not only is safety on the highway stressed, but also safety in the home and on the playground.

Modern electric light fixtures have been installed in the Halls and class-rooms used by grades 5, 6, 7, and 8. The old lights gave poor illumination, and the new ones are a great improvement both in appearance and usefulness. Black window shades have been installed in the Grade 3 room, so that it could be darkened for showing motion pictures at the school.

Among community organizations the Parent-Teacher Association continues as a most valuable ally of the schools. We again wish to express our appreciation for their help and interest. Acknowledgement is also given for assistance given by The American Oegion Auxiliary and the Red Cross.

The Metropolitan Achievement Tests are given each year in grades 1-8 inclusive. The Otis Mental Ability Tests are given to grade four. These tests help in checking school progress. They also show the need, when it exists, of additional drill in

some subject. Our tests show that good progress is being made. The teachers taking Dr. Durrell's Course in Remedial Reading will receive assistance in solving reading problems.

Special reports of the school's activities are here included.

An outstanding activity of the year at the Pollard School was the presentation of the pageant "America, the Beautiful", showing the development of music in our country. After paying expenses, \$70.90 was realized to be used in partially defraying expenses of the 7th and 8th grade class trip to Boston in May, and for other school helps. During the past year approximately three hundred and fifty cups of hot cocoa have been made available to the children at the time of their mid-day lunch. Milk was also available. Three hundred and thirty-nine half-pints were paid for by the Parent Teacher Association, and about fifteen hundred half-pints were paid for by the children.

During National Education Week in November, parents are urged to visit the schools. A large number of parents, especially mothers, avail themselves of this opportunity. We only wish that parents would come more often. If parent and teacher are to work together for the best development of the child, it is very necessary that they have an opportunity to meet.

In conclusion, I wish to express my thanks to the School Board for their generous support and commend the time and energy they have so generously expended for the welfare of the schools. I also commend the effective and loyal work of the teachers in guiding their pupils forward on the road to good citizenship.

Respectfully submitted,

WILLIAM J. NELSON,
Superintendent of Schools.

REPORT OF THE SUPERVISOR OF MUSIC

To the Superintendent of Schools:

I herewith present my annual report as Supervisor of Music in the Plaistow Schools.

The work in music is being continued much the same as in former years, the children have an organized course in note singing. The songs are written within the range of the child voice and of simple rhythm. The elements of musical notation are taught step by step; as the children are ready for a problem it is presented to the eye on the blackboard, training the ear and eye for sight reading.

The victrola and radio are used for the teaching of musical appreciation. An outline of the program to be presented is written on the blackboard, the teacher tells something of interest about the selection and composer before the children listen to the composition.

On November 10th the pupils of the Pollard School very beautifully presented the musical play and pageant "America the Beautiful". The play was well received and a success financially; the net proceed being higher than for any previous event.

For your continued interest and helpfulness and the hearty cooperation of the teachers, I am most grateful.

Respectfully submitted,
EVA W. THOMPSON.
